REGISTRATION FORM

For the Summer school of the Integrated Research Training Rroup "Obesity Mechanisms."

We invite you to our upcoming summer school event on June 05-07, 2023, in Neukirchen/Pleisse Zwickau at the Hotel Schloss Schweinsburg.
Please fill in the registration form and send it to the CRC office: lysann.penkalla@medizin.uni-leipzig.de. The submission deadline is May 22, 2023.

PARTICIPANT INFORMATION

<table>
<thead>
<tr>
<th>Last name</th>
<th>First name</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academic title</td>
<td>CRC group no.</td>
</tr>
<tr>
<td>Date of arrival</td>
<td>Date of departure</td>
</tr>
<tr>
<td>Daily return</td>
<td>Overnight stay</td>
</tr>
</tbody>
</table>

I do not take part in the event

The summer school program includes the blitz data sessions and poster sessions. Presenters will give 6 minutes during the data blitz oral session to introduce the data they will present later during the poster session.

Title of your scientific presentation/poster

Please choose your appropriate workshop, make a cross

Grant writing
In the Grant Writing workshop, you will learn the most fundamental skills to write proposals to apply for grants, e.g., to travel to a conference as a PhD candidate or to fund your postdoc afterwards. You will work out general rules for grant writing: Where to find funding sources, how to get started with writing your application, advice on dos and don'ts. You will further learn easy-to-apply storytelling techniques and practice these in a collaborative abstract writing exercise. We will discuss simple text hacks to make your application clearer and more convincing. Finally, you will practice the newly acquired skills by working on an actual grant proposal draft in your respective field. Lecturer: Alexander Britz

Scicomm on Social Media
Get the basics of science communication on social media. In times of alternative facts and fake news, it is more important than ever to talk about science. But how do you find a connection to the audience and who should actually be addressed?
The main topics addressed were:
Part 1: Basics
- What are the goals and formats of science communication?
- What are the motivations for and benefits of communicating?
Part 2: Storytelling
- What is of interest to the reader?
- How do I create a text that is read with pleasure?
Part 3: Social Media
- How can I use Twitter for my purposes? What else can Twitter possibly be useful for?
TRANSPORTATION
- Drive own car
- Train

FOOD REQUIREMENTS
- Vegan
- Vegetarian
- Allergen info, which __________________________________________________________
- No restrictions

CHILD CARE
<table>
<thead>
<tr>
<th>Do you need childcare?</th>
<th>Yes/No</th>
</tr>
</thead>
<tbody>
<tr>
<td>If yes, what is the age of your child/children?</td>
<td></td>
</tr>
</tbody>
</table>

ROOM ALLOCATION
Reservation is generally organized in **double rooms** with consideration of the room partners

<table>
<thead>
<tr>
<th>Double room</th>
<th>Name 1:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Name 2:</td>
</tr>
</tbody>
</table>

COMMENTS
Questions, requests, special needs, room considerations

☐ I agree that the data provided here will be electronically processed and stored by the SFB 1052 "Obesity Mechanisms" for the internal organization of registrations for the annual conference. This data contains only the information requested in the form and is used for my registration. I can revoke my consent and request the deletion of my data at any time and without giving reasons.
